Introducing CBMC

For nearly 80 years, **CBMC** has been used by God to touch lives in the global marketplace, perhaps the toughest culture in the world.

It was founded in 1930 during a time of great social and economic upheaval. Started by a small team of business leaders, **CBMC** remains focused on the global marketplace.

Today, **CBMC International** has expanded into more than 85 countries on all continents, overcoming cultural and linguistic barriers to help men and women find salvation through Christ and discover what it means to be His followers in business and the marketplace.

Many thousands of lives have been touched by Jesus Christ through the ministry of **CBMC** and its members.

CBMC Great Britain & Ireland is also a member of Europartners - a group of associations of Christian business and professional people from 36 European countries..

Our 2010 Conference is hosted by **CBMC Worksop** which was established in 2007.
